

Dear Valued HVCC Members:

As we continue to navigate these unprecedented times, we are striving to keep things as close to normal as we can. However, we believe strongly that we need to comply with guidelines set forth by state and federal agencies as part of the fight to curtail the spread of this dangerous virus.

As part of those guidelines, we have no choice but to close the Men's Card Room until further notice.

We had hoped this move would not be necessary, but allowing use of the card room is at risk of not complying with the government's guidelines on maintaining "social distance." We hope everyone will understand that we are doing everything we can to limit opportunity for this virus to spread. We believe strongly that the close confines of the card room presents risks for our members and does not comply with our commitment to the health of our members, their guests and our staff.

We thank you in advance for your understanding and support of this move. We are hopeful that we will be able to re-open the card room as soon as possible.

Sincerely,

A handwritten signature in blue ink that reads "Ken Crowder". The signature is fluid and cursive, with the first name being more prominent.

Ken Crowder, PGA
General Manager
